We were present at the HR 2022
event in Cannes, attended
by 2000 professionals.

We shared our water-saving
solutions with decision-makers
from the Hospitality industry.

**We displayed our vision
with the help of
our french reseller
EMA Développement.**

The GS showerheads help save water,
energy, money, and increase your
business's sustainability.

The many meetings that we had
were encountered with great
positive feedback.

We witnessed that we are
not alone on the path towards
a more sustainable future!
